

What to Bring

To assist you in planning for your safari, we have compiled a list of recommended items. Comfortable and casual clothing in neutral colours, such as brown, khaki, olive and beige, are suitable for safaris. We recommend avoiding wearing white as it increases your visibility to animals and will most likely get dirty.

HillsNek Safaris Winter Months (May - Sep)

Warm clothes are needed for evening activities, in particular a thick jacket. Light sweaters are sufficient for midday.
