

This enchanted location will captivate your heart ... perfect for a romantic, tropical Wedding & Honeymoon

LOCATION

Surrounded by waterfalls and mountains of Pepper and Tea... with just four rooms on spacious land, each suite includes a private garden, *Living Heritage Koslanda* has a spacious & secluded pool and a waterfall on its own property. Surrounded by quiet mountains makes Koslanda... a magical place to celebrate your special day and to spend your honeymoon.

THE CEREMONY

The registrar from Bandarawela can conduct your ceremony here in the resort. For the marriage ceremony, we would recommend setting up a "Poruwa". The "Poruwa" is similar to a stage and is traditionally decorated with coconut leaves. The "aisles" would be decorated with lovely branches & leaves.

The Bride will then be called from her Suite by a young boy blowing a conch shell, with two drummers and a parade of Kandyan dancers, who will escort her to the Poruwa at the garden, where her Groom and all the guests will be waiting. The Master of Ceremonies will perform the exchange of vows and giving of the sheaf of betel leaves, the tying of index fingers of the bride and groom with water poured being poured on them from a Kandyan silver jug.

After the ceremony, the bride and groom will be invited to light the oil lamp, before they proceed to the wedding registration at a decorated table. This will be followed by cutting of the wedding cake/local milk rice, and champagne toast.

THE RECEPTION AND THE DINNER

Our excellent chef can prepare a wide range of canapés, wedding dinners and wedding cakes especially local cuisine to add local glamour to your special day. We can also arrange wines and champagnes.

For entertainment, we can arrange local musicians, or even a DJ for the dancing after the dinner.

Depending on your theme and styles you want, we can arrange flowers, lights, candles, ginipandans (Sri Lankan flaming torches), Vesak lanterns and fireworks accordingly.

DECORATIONS

This will be done in discussion with the bride and groom, though it would be done in keeping with LHKoslanda's style. We can cater for everything from flowers to candles and lighting.

THE HONEYMOON IN THE MOUNTAINS

One of our Suites with a private plunge pool at the back and an open private garden on the side, overlooking the mountains is the ideal setting for your perfect wedding night.

THE CONDITIONS

We love arranging the perfect wedding here at Koslanda, and each one is tailor made to suite your theme, design and budget. We do have a few conditions though.
